SOLO 2 Vibratory Feeder

The SOLO 2 is a vibratory type feeder utilising a 4" vibrator plate. Proven over many years, this trusted unit is ideal for commercial fish farming applications but also suitable for domestic pond applications.

Typical Application

The SOLO 2 can be secured to a wall, pole or other suitable fixing with custom designed brackets. Standard hopper size is 80L but can be configured for other sizes. A wide range of feed pellet sizes can be accommodated using the screw adjuster plate.

For a timed feed & duration, the unit can be driven directly from the AC2002 controller available from Aquaculture Equipment. This will allow flexible feeding and interval times together with dusk/dawn enable.

Specifications

Pellet Feed Size Range	1-10 mm
Power Supply:	12VDc (24VDC available)
Ambient Temperature:	-10 to +40°C
Current Rating	0.8A @ 12VDC
Capacity	80 litres (other sizes on request)
Cable length (standard)	5 M twin(other length on request)
